## **YOUR GENERAL PROFESSIONAL TYPE**

You have a balanced self, making you suitable for various types of work. They range from entrepreneurial to operational management, support staff and consulting. You are suited to work both in teams and on your own. You are a "farmer", working towards concrete material results, possibly reaping what others have sown. Acknowledge that you may need others for inspiration and ideas. You may lack empathy and intuition; try to recognize and appreciate these qualities in others. You are involved in non-subjective, important matters of a timeless, principled nature. Your ego is subservient to that. You are ambitious and seek success, status and recognition.

You are a **Legislator**. You set standards and rules, or see to it that they are complied with. You have representational, diplomatic ability. You are good at keeping of the meaning.

## **YOUR CORE SELF / PRIMARY ASPECTS**

You are a typical **Builder**, dedicated to growth. You are good at quality management. You are design-conscious. You prefer to develop things (and yourself) slowly but steadily.

You are sceptical, security-driven and realistic.

## **YOUR CORE SELF / ADDITIONAL ASPECTS**

You are idea-driven. You are creative and original. You may ignite new societal developments and models / structures. You can entertain people.

## **YOUR CORE TALENTS / GENERAL**

You are a social critic, educator and reformer. You have a paternal style. You are fond of children.

## **YOUR CORE TALENTS / DOING**

You are at home in a competitive, possibly even revolutionary environment. You are suited for the military, or for other commanding positions where it's clear that you are calling the shots. You shuttle between chaos and order, the end and new beginnings which seem to emerge out of nothing. You have a latent aggression waiting to be put to use.

## **YOUR CORE TALENTS / THINKING**

You have a talent for writing and are good at describing new ideas and concepts. You occupy yourself with ethical questions, belief systems, foreign matters or foreign cultures. You execute plans and projects in a well-coordinated way. You are good at selling.

## **SOME STRENGTHS...AND CHALLENGES**

You can be effective in modern models of cooperation and teamwork and generally in innovative spheres.

You have considerable can-do energy which you should carefully direct to well-chosen goals. You will recognize that too much conformism will get you nowhere. You may sooner or later rise (again) as a Phoenix from the ashes. You are restless by nature and may look for a hectic environment to act out this trait. People may find you unpredictable.

## **YOUR WAY OF ASSET BUILDING**

Your income may vary and / or may come from various sources.

Next to monetary remuneration, immaterial compensation is of high importance to you as well. You are into trading, selling and operational activities.

You are good at foreign trade. You can make money with visionary ideas, as a keynote speaker or (course) program developer.

## **YOUR TYPE OF WORKING LIFE**

You are highly adaptive at the workplace, but you have limited patience and you need lots of variety. You are practical and well-organized. You are good at precision work and you have a good eye for detail. You are a good advisor. You can work in marketing or advertising. You may also work as an export manager or agent. You may be effective in the travel & tourism industry. If religious, the clergy may suit you too.

## **YOUR PATH TO PERSONAL AND PROFESSIONAL GROWTH**

Allow more emotionality and involvement, it will not lessen your sense of responsibility or authority but will only deepen it.

Dealing with everyday reality and current matters may ultimately lead you to new over-arching visions.

## **YOUR RESULTS**

You are goal-oriented and operationally strong. You work toward your goals in a rational and persistent manner. Your destination is to elevate knowledge, individuals or communities to higher standards. Your destination is determined by your fundamental ability to work on something new rather than aiming for prestige. You are cut out to become a soldier, surgeon or other alpha figure.

## **YOUR GENERAL ROLE IN SOCIETY**

Broadly, your position is in the **Governance** stage, which is after the Social stage and before the cycle starts again with the Individualist stage. In the Governance stage, the focus in life is on general standards and values rather than on one's own individuality or on specific groups.

More specifically, yours is the **Release** phase. In this phase, you are steered by obligations to future generations, and subsequently return to your deepest, most fundamentally individual origin. You are freeing yourself from limiting subjective interests in the mundane world.

Within this phase, you have the position of **Guru**. Reality becomes immeasurable for you, which gives you freedom from conventional measures and standards. This can produce spectacular innovations. It can also produce extreme, off-the-charts fame and financial results. Famous persons with this Guru position are Piet Mondriaan, Robert Baden-Powell, Abraham Lincoln, Rutger Hauer, JD Rockefeller, Jeff Bezos, Ayn Rand, Dante Gabriel Rossetti, Ian Fleming, Franz Kafka, Alberto Giacometti, Steve Wozniak.

## **YOUR ABILITY TO HELP OTHERS**

You have a talent to help others find their individuality and their unique talents.
