## **YOUR GENERAL PROFESSIONAL TYPE**

You have a balanced self, making you suitable for various types of work. They range from entrepreneurial to operational management, support staff and consulting. You are suited to work both in teams and on your own. You have a learning and observing nature. Don't forget to walk the talk and to keep a minimum of practicality. You may need the push from other, enthusiastic people to become driven enough to act yourself.

You work to make money - and because you can't really imagine doing nothing.

You are a **Messenger**. You have versatile interests and need freedom of movement. You have a calculating mind. You can be a speaker or journalist. You can be a representative or agent. You can also be a teacher or trainer.

## **YOUR CORE SELF / PRIMARY ASPECTS**

## **YOUR CORE TALENTS / DOING**

You can help the underprivileged. You may have a religious calling. This may be a good way to overcome your hurtful experiences of having been disadvantaged or mistreated.

You tend to take on the establishment. You should not take force majeure personally. Neither should you look for conflict without need. You should rise beyond aiming for social acceptance and should value truth and honesty more than anything else. Then, you may well be able to pull completely new things ashore and disrupt the status quo.

You tend to format and categorize emotions and feelings. You are apt to operate with great, sometimes maybe too much discipline. As a result, you may suppress your sensibility.

Too conformist an environment may limit you more than you may realize. You tend to hold on, even when letting go would be much better.
