## **YOUR GENERAL PROFESSIONAL TYPE**

You are especially suited for production, continuity and line management. You have a strong will. You are result-oriented, dedicated to the development of tangible or intellectual capital. You like to get things going, here and now. Your work and workplace should offer options to leave your personal mark. You are a "farmer", working towards concrete material results, possibly reaping what others have sown. Acknowledge that you may need others for inspiration and ideas. You are involved in non-subjective, important matters of a timeless, principled nature. Your ego is subservient to that. You can be initiator, presenter or actor. Routine work is less suitable for you.

You are a **Legislator**. You set standards and rules, or see to it that they are complied with. You have representational, diplomatic ability. You are good at keeping of the meaning.

## **YOUR CORE SELF / PRIMARY ASPECTS**

You are a typical **Builder**, dedicated to growth. You are good at quality management. You are design-conscious. You prefer to develop things (and yourself) slowly but steadily.

You strive for power and establishment in a group or society, whilst also remaining a bit of an outsider.

## **YOUR CORE SELF / ADDITIONAL ASPECTS**

You are idea-driven. You are creative and original. You may ignite new societal developments and models / structures. You can entertain people.

## **YOUR CORE TALENTS / GENERAL**

You have strong imaginative powers on one hand and cool, functional operating ability on the other. You have a paternal style. You are fond of children.

## **YOUR CORE TALENTS / DOING**

You are rebellious and pioneering. You can be a freedom fighter, huntsman or firefighter (literally or figuratively). You need to 'score'. You are probably an equally big earner and spender. You shuttle between chaos and order, the end and new beginnings which seem to emerge out of nothing. You have a latent aggression waiting to be put to use.

## **YOUR CORE TALENTS / THINKING**

You are a good legislator. You have a strong intellectual capacity. You are playing according to plan. You execute plans and projects in a well-coordinated way. You are good at selling.

## **SOME STRENGTHS...AND CHALLENGES**

You are a positive thinker; take care not to overdo things. You experience and / or exude hope, trust and great expectations. Beware of becoming caught in delusional fata morganas - and avoid creating them in the minds of others.

You tend to formality. You shuttle between conservatism and revolutionism. You have the talent to be a good legal professional.

Too conformist an environment may limit you more than you may realize. You tend to hold on, even when letting go would be much better.

## **YOUR WAY OF ASSET BUILDING**

Your income may vary and / or may come from various sources.

Next to monetary remuneration, immaterial compensation is of high importance to you as well. You are into trading, selling and operational activities. Money primarily serves to reinforce your authority and to get you up the ladder of success. You are rebellious, pioneering, possessive and a big spender in material and monetary matters. Take care you are not focussed too much on making money alone. You have too much dynamic to flourish in a highly structured environment.

## **YOUR TYPE OF WORKING LIFE**

You are highly adaptive at the workplace, but you have limited patience and you need lots of variety. You are practical and well-organized. You are good at precision work and you have a good eye for detail.

Generally, you work for fame or at least to contribute to matters of a higher order. You are bound to assume high office and have top manager capability. You are also fit for HR management. Alternatively, the medical profession could suit you.

## **YOUR PATH TO PERSONAL AND PROFESSIONAL GROWTH**

Dare to convert models and formats you have in your mind into tangible assets, beautiful things and concrete peer recognition. That way, your talent for abstract thinking may be stimulated even further.

Get to know yourself, and your relations with others will prosper. Accept that the perfect other does not exist.

## **YOUR RESULTS**

You are goal-oriented and operationally strong. You work toward your goals in a rational and persistent manner. Your destination is to elevate knowledge, individuals or communities to higher standards. Your destination is determined by your fundamental ability to work for a legacy which may alter the spirit of a coming era. You are cut out to develop or protect other people's talents, interests and assets. You are an intellectual, legislator or communicator.

## **YOUR GENERAL ROLE IN SOCIETY**

Broadly, your position is in the **Individualist** stage, as opposed to the later Social and Governance stages. In the Individualist stage, the ego and its drive are predominant.

More specifically, yours is the **Expansion** phase. Here, willpower meets the outside reality for the first time. Issues from the past should be solved. New visions emerge as a result.

Within this phase, you have the position of **Opposing Realist**. You grow through inner conflict and by experiencing perceived imperfection while dealing with your individual self or with others. You then turn this conflict into a new and challenging, compelling mission for broader audiences. You cater to latent, previously unmet needs of that audience or set out to solve issues for them. Famous persons with this Opposing Realist position: Friedrich Nietzsche, Sigmund Freud, Paul McCartney, Fidel Castro, Martin Luther King, Pope Francis Bergoglio.

## **YOUR ABILITY TO HELP OTHERS**

You have a talent to help people in the realm of their subconscious mind. You may be a religious or spiritual healer.
