YOUR GENERAL PROFESSIONAL TYPE

You like to get things going, here and now. Your work and workplace should offer options to leave your personal mark. You are emotionally controlled and have a stoic quality. You are a precision worker. You are at home in the public space, in dialogue and in partnering. You have a balanced set of purposes. Work is a means to reach personal fulfilment for its own sake, but you also aim to create personal wealth and to contribute something meaningful to society.

You are a **Visionary**. You are future-oriented, hold great expectations and can spark them in others. You have a missionary zeal. You may be good at public speaking.

YOUR CORE SELF / PRIMARY ASPECTS

You are a **Sensible and Empathical** person, with a talent for providing services. You are a perfectionist and you are integrity- and security-driven. You are at home in small or mid size business, family business, family care or other tightly-knit communities with lots of heritage, traditions and / or codes.

Your strong sensibility is converted into intellectual ability and the power to think on an abstract level.

YOUR CORE SELF / ADDITIONAL ASPECTS

You are strong-willed. You analyze both yourself and others quite deeply. You appear secretive and suggestive. You crave control. Try to admit the new and unexpected too, as well as the uncertainty that goes with it.

You are a good strategist or politician. You learn a lot through meeting and partnering with others. You have a talent for publishing, for performing in public and possibly for painting, drawing or design.

YOUR CORE TALENTS / GENERAL

Dynamic expansion is your middle name. You consider the present as less important than the future. You may invite dissent or debate in the outside world.

You are adaptive by nature. You have strong analytic skills. You are a good risk detector and fit for jobs that involve control.

Your home is your castle, whether it is big or small. You are less suited for equal partnerships.

YOUR CORE TALENTS / DOING

You are well placed as a debater, member of the armed forces, surgeon or journalist. You have an urge to get going and tend to impose or enforce clear practical rules. You have risk appetite and like to engage in whatever looks new and adventurous.

YOUR CORE TALENTS / THINKING

You are good at uncovering matters and bringing them to the public. You are a good listener and good at dialogue and partnerships. You are not inclined to do practical, functional work. You have an interest in the subconscious, in timeless principles and in metaphysics.

SOME STRENGTHS...AND CHALLENGES

You can encourage others really well. It's an excellent way to overcome your own hesitance to act.

You have a knack for aesthetics and fine arts.

You can help the underprivileged. You may have a religious calling. This may be a good way to overcome your hurtful experiences of having been disadvantaged or mistreated.

You are undisturbed by social boundaries and may find yourself in situations where systems and orders are disrupted.

You are an optimist. You can create magnificent worlds of experience, if you dare to rely on your gut. Avoid being stuck in the caricature of overly detached onlooker, impersonal saint or jester.

You have a talent for fashion and all the insecurities that come with it. You are sensitive and have a holistic, intuitive take on things. You may be able to create synergy between the world of dreams and reality, as long as you can distinguish facts from fiction. Avoid misleading yourself or others, possibly without intent.

You are strong in critical reasoning and planning rather than executing and operating. Precision is your middle name.

YOUR WAY OF ASSET BUILDING

You carry on relentlessly for wealth creation and material security.

You have a certain impulsiveness in money matters.

You want to build your personal empire and lead a regal life, which others may benefit from as well, provided they pay tribute to you.

Money is spent on or invested in health, wellness, security and sustainability.

Material things, status and prestige are or should be irrelevant to you (which is not to say you could not acquire them). Your wealth position can be rags or riches, or may fluctuate between these two extremes during life. Riches are best shared with others.

YOUR TYPE OF WORKING LIFE

You are highly adaptive at the workplace, but you have limited patience and you need lots of variety. You have a strong need to feel passionate about your work. You have an international scope. You like to work in a visionary environment. You may be into work with an educational, developmental character. Your job might include plenty of reaching out and connecting: account manager, marketeer, promotor or motivator. You may work in the health sector, but also in the arts. You have the ability to be a change manager. You are good at situational leadership, using a style that fits the actual circumstances well.

You are good in helpful, coaching, turnaround roles. Things may turn for the better and you tend to land on your feet.

YOUR PATH TO PERSONAL AND PROFESSIONAL GROWTH

Stand back and see the big picture before you mobilize your fast intellect.

Do not escape permanently in a dream world, instead accept reality and what you can and should do in the here and now, so that dreams and ideals can fertilize instead of paralyze you.

YOUR RESULTS

You find your goal in life slowly but surely. You work toward your goals in a rational and persistent manner. Your destination is in harvesting, materializing and group-building. Your destination is determined by your fundamental ability to influence public consciousness and to engage in effective partnering. You have no vested interest in the present order of things and may disrupt traditional standards. You may deal with sudden, acute turnaround situations. You are sceptical, security-driven and realistic.

YOUR GENERAL ROLE IN SOCIETY

Broadly, your position is in the **Individualist** stage, as opposed to the later Social and Governance stages. In the Individualist stage, the ego and its drive are predominant.

More specifically, yours is the **Expansion** phase. Here, willpower meets the outside reality for the first time. Issues from the past should be solved. New visions emerge as a result.

Within this phase, you have the position of **Opposing Realist**. You grow through inner conflict and by experiencing perceived imperfection while dealing with your individual self or with others. You then turn this conflict into a new and challenging, compelling mission for broader audiences. You cater to latent, previously unmet needs of that audience or set out to solve issues for them. Famous persons with this Opposing Realist position: Friedrich Nietzsche, Sigmund Freud, Paul McCartney, Fidel Castro, Martin Luther King, Pope Francis Bergoglio.

YOUR ABILITY TO HELP OTHERS

You have a talent to help people in the realm of their subconscious mind. You may be a religious or spiritual healer.
