## **YOUR WAY OF ASSET BUILDING**

Your income may vary and / or may come from various sources.

You have a certain impulsiveness in money matters.

You have a broad view, great expectations and some naivety as to making money and how society could be ordered. You may speculate. Money is spent on your offspring, to express yourself or for your private indulgences. You are not integrated in the established order, but have an outsider tendency. You should develop self-esteem while building your wealth - or, even better, while growing indifferent to it. You are not focussed on a fixed residence or asset base. Your desire for personal freedom is dominant. You have a nomadic tendency.

Material things, status and prestige are or should be irrelevant to you (which is not to say you could not acquire them). Your wealth position can be rags or riches, or may fluctuate between these two extremes during life. Riches are best shared with others.
